

## **Great British Chefs**

### **Food Stylist & Recipe Editor**

We have an exciting opportunity for an experienced food stylist and recipe editor to join the team at Great British Chefs, the UK's leading premium food destination.

As a food stylist and recipe editor, you'll be the gatekeeper ensuring our recipes are of the highest quality and completely accurate. You'll also be responsible for cooking and styling some of the recipes which need to be photographed outside of our chefs' restaurants, be it for clients, our own line of cookbooks or internal recipe projects. Many of our recipes can be quite complex as they come from some of the best chefs in the UK, so an all-encompassing culinary knowledge and the ability to spot inaccuracies and errors is essential.

We're a small team, so there's plenty of scope to get involved with other aspects of the website, such as writing our 'how to cook' guides or bringing the recipes to life with descriptions and abstracts. It's a varied role that covers both editing and styling, so it's perfect for someone who enjoys a fast-paced work environment where no two days are ever the same.

#### **Key Duties & Responsibilities**

- Proof, sense-check and edit recipes from chefs and ensure they adhere to house style, with the knowledge and confidence to point out inaccuracies or errors
- Test, cook and style recipes from chefs for in-house photoshoots, including sourcing ingredients and styling backgrounds/props
- Assist with the production of Great British Chefs' own line of cookbooks
- Assist the wider content and social marketing teams where necessary

#### **Skills & Requirements**

- Experience of professional cooking, either in a restaurant or home economist role
- Previous experience of working on food photoshoots, including sourcing ingredients, cooking the dishes and styling for photography (including prop styling)
- Previous experience writing and editing recipes for websites and/or print publications
- Previous experience uploading recipes to a CMS is a bonus, but not essential
- Your own kitchen and a space to photograph the final dishes in is a huge bonus
